

VIRTUAL RECEPTIONIST KIOSK

HELPING BUSINESS ADDRESS COVID-19 CONCERNS

- ✓ Temperature Checks
- ✓ Face Mask Checks
- ✓ Check-In Forms
- ✓ Visitor Badges

ALICE Receptionist is a full-service Visitor Management solution that now automates temperature checks and face mask verification. These new features help companies implement COVID-19 related guest check-in and visitor registration processes.

KEY FEATURES:

- > Thermal camera temperature screening
- > Face mask detection
- > Health questionnaires
- > Screening exception alerts
- > Contactless touchscreen disposable stylus dispenser
- > Visitors badges
- > Health & Safety policies and procedures
- > Visitor Screening (US Consolidated Screening List / Customizable Screening List)
- > Support for visitor registration induction documents and videos

BEYOND COVID-19

While Many temperature checking kiosks will lose value once COVID-19 precautions subside, ALICE Receptionist will continue to add value long after temperature checks and face mask detection become unnecessary. Since 2012, ALICE Receptionist has been Providing full-service Visitor Management solutions for businesses around the globe. When COVID-19 health checks are a thing of the past, ALICE Receptionist will continue providing value to ALICE customers with these standard features.
