HEALTH & SAFETY VISITOR SCREENING

SELF-SERVICE VIRTUAL RECEPTIONIST ADDRESSING CHECK-IN & COVID-19 CONCERNS

☑ **Temperature Checks** ☑ **Check-In Forms**

☑ **Face Mask Checks** ☑ **Visitor Badges**

For 10 years, ALICE Receptionist has provided full-service Visitor Management solutions to greet, screen and check-in visitor to office buildings around the globe. Now ALICE Receptionist introduces COVID-19 Health & Safety features to help companies also maintain a healthy and safe work environment for employees and guests.

BENEFITS

> Self-Service kiosk greets visitors as they arrive

> Visitors can be screened to verify face mask covering

> Visitors can be screened to verify normal body temperature levels

> Visitors can be required to answer heath questionnaires during the check-in

> ALICE alerts employees when exceptions occur during visitor check-ins

> Visitor can engage in live video communications with employees if additional assistance is required.

> Visitors who fail the screening process can be instructed on company policy and procedures they will need to follow (customizable).

> Visitors who pass the screening process can be printed visitor badges

> ALICE Receptionist Health & Safety edition enables companies to implement a full-service visitor screening process without allocating company personal to administrate it.
